TALK FROM A "CONSERVATIVE."—Mr. Marvin, a conservative emancipationist of Missouri, in a speech made some days since in relation to the Senatorship from that State, and alluding especially to the alleged radicalness of Gratz Brown, said:

Mark the prediction! In less than two years, the conservatives will be where Gratz Brown is to-day. This world has not stopped. It is moving on and it won't stop. If it is stopped, it will be a good deal easier to start it, than it is to stop it. * * Do you expect that good and evil can be made to harmonize? No, sir. Neither can freedom and slavery. God has made that truth—not you or I, and you might as well stop the heaving and ebbing of the ocean itself, and say 'thus far shalt thou go, and no further.' God has got the start of us, sir. We may as well accept these facts to-day as to-morrow. We've got to accept them and hew out our destiny.

WHENCE COMES EARNESTNESS IN SPEECH AND DEED.—The recent death of the venerable Dr. Beecher brings to mind one of his pointed remarks, that spoke volumes in a few words. Giving the "Charge" at the ordination of a young minister, he told him to be natural and act himself, and if he were sincere and honest, he could not fail to be an effective speaker. He then added: "You never knew a man to cry 'fire!' with a wrong accent, when his own house was burning." This truth has an application now. Those who really believe that rebellion is rebellion will have an unmistakable way of speaking and acting about it. They won't whisper "fire," and be loud in their special pleadings for the incendiary.

PUT HIM OUT?—A sympathizer yesterday evening discharged at us the following conundrum:

Why is a legal tender note like a Jew? *Ans.* Because it has not yet found a redeemer.

The fellow deserves to be plastered all over with Confederacy shin plasters and confined within hearing of a "Cheap John" bedlam.

MONDAY MORNING MARCH 2 1863

Bankrupts or Knaves

The Greenback question still vexes the righteous souls of all who have debts to pay or to receive, but the truth of the matter after all the noisy words are spoken, is in a nutshell If a man, on this coast where gold is the basis of currency, uses legal tender paper to pay a debt which both parties intended should be paid in coin, or its value, he is a cheat, and ought to be so regarded unless his poverty or necessities make the payment as agreed impossible and in this case he is insolvent—a bankrupt—and the payment in paper, at its face, may justly be considered as the dividend of an insolvent estate Such cannot help themselves, and they deserve our sympathies—the legal tender law operating in their behalf like a National Bankrupt Act, of which they are compelled to take advantage. But in regard to those who are able to pay in value what they agreed to, before the law passed, or even since, there can be no question, in the judgment of all honest men that when these liquidate their debts in a depreciated currency, bought at a discount for that purpose, they are moral swindlers and knaves The fact that law allows such action is no excuse, so far as fair dealing and common morality are concerned No law requires a man to be neighborly, generous, honorable or patriotic, or forbids meanness or the petty tricks which sometimes degrade humanity, and are not punishable save by an enlightened public sentiment, yet the person who offends in these respects, is very sure, in due time, to get his just reward, So it always has been—so it always will be and those who are disposed to weaken and destroy public morality, and public confidence, by speculating upon the faith heretofore reposed in them, or by justifying such practices, will speedily discover that they have secured to themselves a harvest of shame and disgrace which will cling to them as long as they live, to curse the community which is so unfortunate as to number them among its members. Suppose the bankers of this city, or of San Francisco, with whom coin has been deposited, should pay the checks of their customers in legal tender, would there not be a great outburst of wrath and indignation at such rascality? But would that be any more deserving of condemnation than the conduct of those who last year, or at any time before the passage of the legal tender law, received coin for which they gave their notes, and which they now propose to pay by buying government paper at a discount? We ask all honest men, debtors and creditors, to consider this question fairly, and then give voice and effect to their judgment, in such a manner that speculating rascals in any community may be compelled to act fairly and honorably.

Light from Egypt.—The very intelligent and loyal editor of the *Mountaineer* appears to be much troubled by the emancipation proclamation—thinks it violates the rights of rebels not in arms, etc According to his theory, the blockade is wrong because it interrupts the trade of Southern merchants, who vote for secession, if they do not put their creed into their bloody deeds, the suspension of mail facilities, and all Federal interference with the business of the States in rebellion, are unjustifiable, for these cannot but affect large numbers who are not actually wearing rebel uniforms and firing rebel muskets and cannons at the hearts of the nation's agents and defenders Will the editor inform us how he would manage or advise, supposing the Snake Indians were in a state of hostility to the Government, and a portion of the tribe actually in arms, if our forces should chance to find a thousand horses belonging to different Snakes? Would he say "let them be—they are private property—*to* be sure, they may be employed to-morrow or next week against us, but Lord Bacon says, war must not interfere with private property?" The truth is, the proclamation *hurts* the rebels, and will tell more tremendously in its effects and consequences upon their strength than any military step yet taken Naturally, therefore, it is highly disagreeable and improper in the judgment of all who sympathize with them and opposition to it most unmistakably betrays the real position of all such Northern hypocrites. *Does the Mountaineer wish to be ranked with them?*

Promoted.—A Washington dispatch of the 21st of January says that Gen Cass has been made a Major General for distinguished services at the battle of Fair Oaks He was censured by Gen McClellan for his conduct in that action This does not look as if McClellan's star is in the ascendant, as his admirers appear to think

An Ex Convict Exalting Himself.—Mike Brannigan, who outraged Miss Mitchell was granted a new trial by the Supreme Court, and who has succeeded in getting the required bail, is now in San Francisco enjoying himself in elegant leisure

Reported Capture of Vicksburg!

News of February 21st

New York Feb 21—Four hundred and credit roster by for Admiral Porter's Mississippi fleet New Orleans advices state that B F Flynn, Acting Brigadier General, left Baton Rouge on the 7th with three transports conveying foreign troops for the embarked at Plaquemine Bayou and marched inland, seven miles to an Indian village composed of about six miscellaneous regiments arriving at sundown the troops camped for the night The steamer *Iberville* followed with the stores and tents and a guard of cavalry, by the way of Plaquemine Bayou Sixty three regiments of our troops are encamped at no great distance from a necessary which has already submerged some adjacent woods Two weeks ago this village was occupied by a band of guerrillas, who were driven off by a company of U S cavalry The *Iberville* took on board upwards of $50 000 worth of sugar and molasses from the neighboring plantations the proprietors of which were refused at the opportunity of sending it to New Orleans It is reported at the levee of that city

Washington, Feb 20—Simon Cameron has addressed a letter to President Lincoln declining the Russian mission, and intimating that he may serve his country in a military capacity Gen Clay therefore returns to St Petersburg Three days ago a secret interview was said to have taken place between President Lincoln and Mons Mercier, in which it can trust my informant questions of the greatest moment were discussed It is reported in diplomatic circles that the President denies having any share in the framing of the document written in reply to Mr. Drouyn de l'Huys' proposition, further than to have expressed in Cabinet Council that the time for listening to the kind suggestion of France had not yet arrived Scouts report Gen Fitzhugh Lee to be at Culpepper with 8,400 cavalry His pickets extend nine miles to Hazel river and on the road to Warrenton and Rappahannock No rebels are now north of these two points except White's guerillas, near Leesburg Col Baker's detectives have returned with twelve persons engaged in running the lines, upon one of whom was found $9,000 in notes on Southern banks and $5 000 in gold They had papers from Gen'l Wilder to go beyond the lines, but not beyond Lee's army

Gen Rosencrans telegraphed to the War Department, a day or two ago that rebel officers, under a flag of truce remarked "You have got Vicksburg at last!" No confirmation is had and the report is doubted

New York, Feb 21—The Chamber of Commerce adopted resolutions in favor of letters of marque against the *Alabama* and *Florida*, and other piratical vessels, and a memorial to the Secretary of the Navy whether the defences of New York are sufficient

St Paul, Feb 17—A messenger sent to the Red Lake and Pembina tribes of the Chippewas has returned He reports 1,500 Sioux warriors at Devil's Lake, who were to move on fort Abercrombie shortly The officer of that post are aware of their danger, and have strongly fortified the place

Chicago Feb 18—Southern newspapers all manifest a reviving sense of coming danger. The Richmond *Dispatch* of the 9th, in an article as to dangers impending, says that tremendous efforts are making by the Lincoln despotism East, West, South and North, which indicate a determination to throw all on the die of battles to be fought within the next three months If there ever was a time when the Confederate Government needed to develop and concentrate all its energies and when its generals should at once exercise the greatest circumspection and the highest resolves, now is the hour.

New York, Feb 18—Sterling 174@175, Gold 61¼ prem Government stocks scarcely so firm—6 3 10th notes 103@104¼, 6's of 1881, 95¼

Washington, Feb 18—In Senate, Harlan called up the bill to establish the gauge of the Pacific Railroad and branches, wishing the gauge to be four feet eight inches The matter was discussed at some length by Latham, Pomeroy McDougall and others The bill passed—26 ayes to 12 noes

Washington, Feb 17—The Senate remained in session until midnight considering the conscription bill An amendment that the President, under the call proposed in the bill, should take into account the number of troops furnished by each State and make an apportionment among the States accordingly, was adopted An amendment was adopted providing that persons drafted shall be exempt on procuring a substitute or paying a sum not exceeding three hundred dollars, to be fixed by the Secretary of War Failing to appear when drafted, or to procure a substitute or pay the required sum, the offenders shall be arrested and tried by a court martial An amendment, making the first class include those between twenty and thirty five, instead of eighteen and thirty was adopted An amendment exempting ministers of the Gospel was rejected A discussion arose on the amendment exempting persons who are exempt by State Constitutions—some Senators arguing that if this was not done a revolution would follow

McDougall of California said that if there was to be a revolution in the North let it be so but he did not believe there would be any The amendment was not concurred in—17 to 19 An amendment exempting members of Congress was rejected—16 to 30

McDougall of California offered an amendment which was adopted including citizens of foreign birth who may have declared their intent in to become citizens An amendment exempting Governors of States was adopted, and the bill passed

San Francisco Feb 23—Steamer *Pacific*, from the North arrived last night No news of importance

Flood in a Personal Difficulty.—It appears from a long correspondence in the Richmond *Whig* that John B Floyd has got into a difficulty with a B B Douglas, a member of the Virginia State Senate Douglas in a debate, used very severe terms (they are not stated) to both James B Barbour and J B Floyd and these persons feeling themselves insulted wrote letters to Douglas, demanding explanation and if he would not give it to render them the satisfaction due to gentlemen Douglas apologized to both of them But whether the apology will be acceptable we must wait and see

Gen Rosekrans and the Press.—A Murfreesboro dispatch of the 30th of January, says

Major Gen Rosekrans hopes that the Cincinnati Journalists and Western papers will desist from the practice of publishing reports of shipments of supplies to the Department of the Cumberland It is substantially a notification that the rebels may prepare to capture them It is understood however that newspapers would not make such publications if Quartermasters and Commissaries did not furnish the items

Miscellaneous Paragraphs

In California a party the usual salutation is, How are you Hey? The response is Silvery silvery

John S Baker still was dangerously wounded by D Watt at Walla Walla City not long ago is rapidly recovering from the effect of his wound

The St Louis Democrat states that during the ten months Hon Wm Gregg Price held from Missouri in April and May last there were less than 2 700 were finally received for the consulates of Paris and Liverpool

The *Bee* says that the California Legislature has gone on and established United States Senator by the name of Broderick and no money It is said is already improperly used A Democratic Legislature would never have made such a mistake

Davis Governor of Mississippi recently sold $100 000 worth of cotton in the State of Mississippi and paid therefor in Confederate bonds It is to be hoped that the money was well Under the recent law if they had wanted it could have been seized

The Stockton *Argonaut* says that the Sisters of Charity have taken full possession of the small pox hospital in Los Angeles It is filled with the suffering, and afflicted with that loathsome and repugnant disease, which moistens their noble women's eyes with tears of pity, and nerves their hands to alleviate

It is in the recollection of everybody that Jesse D Bright of Indiana was expelled from the United States Senate for treasonable practices If the State he represented had elected to the post that its famed Democrat secession sympathizing Democrats why was he not re elected?

What the Rebels Think of the New Senators Those who have elected the new Democratic United States Senators may find consolation in the fact that their choice has been approved by the most influential rebel journal of Virginia The rejoicing among the Northern sympathizers at these elections have only been equaled by those of their co-patriots in the South The Richmond *Whig* says

In the Northern States where the democrats have succeeded they seem to depict to the Senate the persons in most bitter and inflamed hatred against the Lincoln party In Illinois Richardson has been chosen who acquired little distinction he possessed by his lying and consistent opposition to black republicanism In New Jersey, Wall has been named for the office because he has become a Secular person and can bear personal testimony to the regard of the Line in Advocation for the liberty of the citizen In Pennsylvania Buckalew has been elected In New York Fernando Wood, and in Indiana Jesse D Bright lately expelled from the Senate are mentioned as those most likely to succeed With such materials as these Lincoln will find some difficulty in running the machine

Threatenings.—A correspondent of the Washoe *Times* writing from California has half persuaded our guide philosopher and friend" Gen Allen that the Secessionists of this State intend taking California by a *coup de main*, after the fashion of Napoleon III This correspondent thinks that they will do it in one of two ways, either by a sort of St Bartholomew movement, or will wait until a Confederate or French force singly or together, make an attack and then all secessionists will unite with them The *Times* says that this correspondent is not a gross fabricator of sensational order but on the contrary is quite a matter of fact sort of individual He states that lodges or castles of the K G C's are hard at work in every city town hamlet and mining camp in California – *Marysville Appeal Feb 20*

To Be Hung.—John H Boyd and Charles Powell both Captains in Rebel Stewart's staff who were arrested by Lieutenant Dumfries, Virginia, lately are to be hung as spies The evidence against them is positive, that they were at Dumfries in citizen's dress mingling among the troops and that they suddenly disappeared and informed Stewart and conducted him on his last raid into Dumfries

The Daily Oregonian.

CITY.

The MORNING OREGONIAN has a larger SUBSCRIPTION LIST than any other Daily published in this City

Legal Tender Notes this Day---65 cents.

No REGARD FOR THE SABBATH.—We learn that a number of persons chose yesterday (Sunday) as a day on which to try the speed and show off the beauty of their horses, by running them up and down Front street. This is very wrong, and does not speak well for the morals of the city. People who do not manifest a proper regard for this Holy Day themselves, should at least have some respect for those who do. Aside from this, there is a City Ordinance imposing a heavy fine for fast riding within the city limits, and should be enforced on every occasion. Let those who own fast horses choose some other day and go outside of the city to do their training.

GET YOUR STAMPS.—Our readers will bear in mind that the "Stamp Act" became operative in the Pacific States on the 1st of March and that the failure to use the pretty pictures on all documents or instruments, requiring such honor, will subject the party responsible to large penalties.

LETTER LIST.—We refer our readers to the advertised list of letters on the last page of this issue.

BREAKERS AHEAD.—We have recently heard that among the lawyers there is much difference of opinion as to the validity of the code passed by the last Legislature. It is contended by some that it is now in force, as all laws, by the terms of the Constitution, take effect in ninety days after the close of the session at which they are passed. That time having elapsed, the code is in force, unless the provision postponing its operation until the Governor makes proclamation that it is published, is constitutional. In the constitution, however, it is provided that no laws shall be passed, the taking effect of which shall depend upon any action beyond that of the Assembly, except certain municipal statutes, and it is therefore insisted that the Assembly had no power to suspend the effect of the code, to suit the convenience of the public printer, or the fancy of the Governor; either of whom now seem to have the power to delay its operation indefinitely. It presents a novel and perhaps embarrassing question, which will of course be fully discussed, but we confess that to an outsider it seems as though the famous code must be in force now, if it ever can be without further legislation. We do not see how the Governor can constitutionally put a law in force by proclamation.

WEST POINT OFFICERS.—The following is from late army correspondence of the New York *Tribune*, dated opposite Fredericksburg:

There a few prominent West Point officers in this army, who give only a feeble, halting support to the Government, who speak of the President, Congress, the policy of the Administration in terms which, if the army regulations were enforced, would cause their immediate dishonorable discharge from the service. Burnside has shown, by at least two sharp examples, that if any of their disloyal expressions reach his ears, he will punish them summarily, without regard to rank. But these are exceptions. A large majority of the West Point officers are men whose patriotism has the true ring, whose hearts and words are wholly, vitally loyal. The West Pointers were molded in and surrounded by a pro-slavery clique, until the outbreak of the war put all the regular army. They cannot throw off its influence in a day, but these thick coming events are educating them all. They light well. You will find at difficult to name a single one who has shown his back to the enemy. That, at least should entitle them to a generous and forbearing judgment. For the rest we can wait. Those officers who are still cased in old prejudices, and chafing under the direction the war is taking, will one day learn that they builded wiser than they knew.

PACIFIC ENGINE CO No. 4.—The Regular Monthly Meeting of your Company will be held this Monday evening, March 2, 1863, at 7½ o'clock in the Council Chamber. A punctual attendance is requested. By order

No Opium or Calomel.—Most of the popular Cough Remedies contain more or less Opium which renders their general use. Dr. HAIR'S BALSAM being entirely free from this narcotic poison will be found not only safe, but highly efficacious in subduing every form of Lung Disease.

Storage.—THE FIRE-PROOF STONE WAREHOUSE, opposite Umatilla House, is the only building, not made of wood in the Dalles, where goods are taken on STORAGE. All other houses that take goods on storage are wooden buildings and in exposed parts of the town liable to the risk of fire. The subscriber assures his patrons that his charges will be $1 50 per ton per month storage and although storage in wooden buildings is $1 00 per ton yet the public cannot fail to perceive the advantages the subscriber possesses over other warehouses of this place.

Hoarse Coughs.—The sudden changes of our climate are productive of PULMONARY, BRONCHIAL and ASTHMATIC AFFECTIONS. Experience having proved that simple remedies often act speedily and certainly when taken in the early stages of the disease recourse should at once be had to "Brown's Bronchial Troches" or Lozenges, let the Cold, Cough, or Irritation of the Throat be ever so slight as by this precaution a more serious attack may be effectually warded off. PUBLIC SPEAKERS and SINGERS will find them effectual for clearing and strengthening the voice. See advertisement. dec16da6m

White's Fever and Ague Drops—For the cure of AGUE, PANAMA FEVER, NEURALGIA and GENERAL DEBILITY.

This medicine has been used in private practice for many years with great success. Indeed in no instance has it failed to affect a speedy cure, in Ague especially one bottle has been found sufficient in most cases, and in none are more than two bottles required.

A great number of testimonials could be given to verify these statements, but the proprietor prefers relying upon the merits of the medicine alone. A cure is guaranteed in nine cases out of ten.

DOCTOR VAN ZANDT,

CONSULTING PHYSICIAN & SURGEON

Office Corner of Washington and Sansome streets, San Francisco.

The GREAT SUCCESS of this CELEBRATED and SCIENTIFIC MEDICINE

Is the Best Evidence of its Merits.

It Works in Accordance with the Laws of Nature. Its Strengthening Qualities Give the Only Natural and Solid Peace.

THAT THE SKILL OF THE SCIENTIFIC ALIENIST has succeeded in restoring to perfect health (mental and physical) the great majority of those who have applied to him for relief, is a fact that no one will attempt to deny. Having had a long and extensive practice in the treatment of all forms of Mental Derangement, including Loss of Memory, Nervous Irritation, Epilepsy, Spasms, Hysteria, Dyspepsia, Rheumatism, Neuralgia, Sleeplessness, Impotency, Sexual Debility, Female Irregularities, Diseases of the Blood, Skin, Kidneys, Bladder, Liver, Stomach, Bowels, Lungs, Throat, Heart, Nervous System, Etc., Etc., Etc.

Too Much Cannot be Said

in praise of the wonderful effects of the Electro-Galvanic Fluid upon the human system. Its mild but powerful influence is felt from the first application. The debilitated organs are strengthened, the blood purified, the nervous fluid equalized, and the whole system built up in a manner unknown to any other remedy. Dr. Van Zandt, with his new method of exciting the Electro-Galvanic current together with the delicate machines which are adapted to the necessities of the forms will assure you of a complete and radical recovery of all bodily and mental infirmities and will restore you to usefulness and spare you a blessing to your family and society.

All the world over

wherever diseases exist, whether special to the soil and climate or arising from all causes—epidemic or casual, acute or chronic, contagious or non-contagious—it is necessary to resort to the ELECTRO-GALVANIC equilibrium especially in California, as it is to give food to the starving. This treatment has stood up a series of tests exciting through many years, and verified by hundreds of patients so that it is simply a question of time and the rule of experience, no result of any well known disease, however more sure and unassailable foundation, than those which underlie the world wide reputation of Electricity for the cure of all nervous states of the body, faulty digestion, mental and physical debility, prostration, coughs, asthma, wandering pains of a rheumatic or gouty nature, chronic diarrhœa and all forms of disease, the result of scrofulous or cachectic habit of body.

None Need Despair of Relief.

If you have an ulcer which will not heal—pains that cannot be described—melancholy which you cannot shake off—fears of ever which you cannot regain—depression of spirits which weigh you down—wakefulness that knows no sleeping—listlessness that languishes for want of energy—a vivid brain exciting and dulling—suspicion which no assurance can allay—Call on Dr. Van Zandt for his great success and the safety with which he administers his new method of electrical excitation together with his remedies, which are adapted to the requirements of climate and constitution. He will assure you of a complete and radical removal of all mental infirmities, within the scope of science and power to remove.

The Eye and Ear Diseases.

It must not be forgotten by the eye and ear sufferers that Dr. Van Zandt has made these afflictions an especial study and that he is the only Surgeon in our State who has a diploma for that branch of practice. Very many of the eye and ear troubles are purely deranged nervous action, and are cured by the electro-galvanic battery—as amaurosis, squinting, cataract, floating specks before the vision, twitching of the eyelids, nervous deafness, roaring and buzzing noises in the ears, giddiness etc. All operations successfully done on those delicate organs of sense.

SEND FOR A CIRCULAR.

DR. BAKER'S

PAIN PANACEA.

Is composed entirely of healing gums, and vegetable oils and balsams. It is perfectly safe for the most delicate to use. I can state sincerely, say that I have never known any how ever delicate, to be injured by it in the least. I will continue to ask the afflicted who have not used it to try it for the following diseases. If they are not satisfied with its healing properties the money will be cheerfully returned by the agent where the medicine is for sale.

If you have pain in the stomach or bowels, try a dose of Pain Panacea internally, bathe externally over the parts affected, and you will at once restore the proper action and relieve the pain.

If you have a Bruise or Wound, bathe it well with the Pain Panacea four times a day. It will relieve the pain, and take out all the poison, and heal the wound in a short time.

If you are suffering from Neuralgia or Rheumatic Pains, apply the Pain Panacea freely, and take a dose of it internally, morning, noon and night, it will not only cure the pain, but will remove the cause of the disease.

If you have the Dyspepsia, and your food distresses your stomach after eating, take a dose of Pain Panacea after each meal.

If you have a Cankered or Sore Mouth or Throat, apply the Pain Panacea, to the affected parts, and gargle the mouth or throat three or four times a day.

If you have the Diarrhœa or a relaxed state of the bowels, take a dose of Pain Panacea, and they will soon be restored. If you have a painful swelling, bathe the parts freely, and you will soon relieve pain, and the swelling will be reduced.

If you have a severe tooth-ache, apply the Pain Panacea on a piece of cotton and bathe gum at the same time, it will stop the pain instantly.

If you have a pain in the Breast, Side, Back or Kidneys, bathe parts affected morning and night, at the same time take a dose of the Panacea internally.

If a Mother has a caked breast, apply the Panacea as hot as it can be borne.

If you feel chilly or cold, as though you were going to have a fever, take a dose of Panacea.

If you have a wound, cut or galls upon your horse, apply the Pain Panacea. It will take out all the inflammation and heal the sore in a short time.

Proclamation by the Governor

EXECUTIVE OFFICE, PORTLAND OREGON,
January 6 1863

By the President of the United States through Brigadier General George Wright commanding the Department of the Pacific, and Brigadier General Benjamin Alvord commanding the District of Oregon, I have been requested to raise six additional companies required to complete the 1st Regiment of Cavalry, Oregon Volunteers. They will be need During the coming Spring on the frontiers of this State and Washington Territory, and for an expedition against the Snake Indians who have so long been mercilessly engaged in robbing emigrants and murdering our fellow citizens I cannot doubt that the citizens of Oregon, who have always promptly responded to any demand for their military services, will in like manner respond to this call, thereby showing their loyalty to the Government, and aiding in chastising marauding bands of Indians which infest our frontiers

The enlisted men, when united, will be supplied with horses by the United States, it being understood that they will be mounted or not, as shall be deemed advisable by the Government

Propositions to raise a whole company, which will furnish their own horses and horse equipments, may be entertained The men are in such cases entitled to forty cents a day for the use and risk of their horses and horse equipments

Each company will consist of one hundred enlisted men and when mustered into the service of the United States to serve for three years, unless sooner discharged

Recruiting offices will be immediately opened at Portland, Dalles City, and perhaps at other places By the Governor

ADDISON C GIBBS.
CHAS A REED Adjutant General

Proclamation by the Governor

EXECUTIVE OFFICE, PORTLAND, OREGON, January 6, 1863

By the President of the United States through Brigadier General George Wright commanding the Department of the Pacific and Brigadier General Benjamin Alvord commanding the District of Oregon, I have been requested to raise six additional companies required to complete the 1st Regiment of Cavalry, Oregon Volunteers. They will be needed the coming Spring on the frontiers of this State and Washington Territory and for an expedition against the Snake Indians, who have so long been mercilessly engaged murdering emigrants and murdering our fellow citizens. I cannot doubt that the citizens of Oregon, who have always promptly responded to any demand for their military services, will in like manner respond to this call, thereby showing their loyalty to the Government, and aiding in chastising marauding bands of Indians which infest our frontiers.

The enlisted men, when mounted, will be supplied with horses by the United States, it being understood that they will be mounted or not, as shall be deemed advisable by the Government.

Propositions to raise a whole company which will furnish their own horses and horse equipments, may be entertained. The men are in such cases entitled to forty cents a day for the use and risk of their horses and horse equipments.

Each company will consist of one hundred enlisted men, and when mustered into the service of the United States to serve for three years, unless sooner discharged.

Recruiting offices will be immediately opened at Portland, Dalles City, and perhaps at other places. By the Governor,

ADDISON C GIBBS

CYRUS A REED Adjutant General
